Dear Premier,

I am extremely concerned that no response has been received to my email to you and in particular, I refer to the following paragraph from that email ...

Last Saturday morning and at very short notice, Brisbane cyclists organised a short ride from King George Square to Parliament House at the same time as other rides in Sydney and Melbourne in support of the "Wheels of Justice" ride in Adelaide which was attended by 3-4000 people.

At the Annexe entry, we left a number of messages including some written on bidons (the cyclists' drink container). On behalf of the group, I presented copies of the handout to your security officers and specifically explained the importance of the "messages" and requested the security officers ensure that the "messages" be delivered to you as Premier given the wide range of Ministers and departments involved.

We very deliberately explained to the security officers that the various messages were to be delivered to you as the Premier.

We are concerned that to date, no response has been obtained in regard to your receiving the messages we delivered to you.

While the reference of the email to the Minister for Transport and Main Roads has been noted, this is NOT just a matter for that Minister and arguably has as much if not more to do with the Minister(s) responsible for justice and the court system.

Accordingly, I look forward to your confirmation that the messages have been received and that each will be addressed in due course.

regards

Michael Yeates
